

ENGINEERING OPEN HOUSE

Feb. 22, 2018 | 5-7 pm

Manufacturing Technology Center
Room MT104

WHO SHOULD ATTEND?

- Middle/high school students and their parents
- Individuals looking for a new career

- ⚙️ Pick up program information, and talk to instructors, current students, and graduates.
- ⚙️ Ask local employers about engineering-related careers.
- ⚙️ Talk to four-year college/university staff about transfer options from NWTC to bachelor's degrees.
- ⚙️ Tour our mobile technology labs that are used to bring college credits to high schools.

DISCOVER OUR ENGINEERING-RELATED ASSOCIATE DEGREE PROGRAMS:

- Electrical Engineering Technology
- Civil Engineering Technology
- Automation Engineering Technology
- Electro-Mechanical Technology
- Mechanical Design Technology
- Prototype & Design
- Fire Protection Engineering Technology
- Architectural Technology
- Manufacturing Engineering Technology
- Utilities Engineering Technology
- Energy Management Technology
- Solar Energy Technology
- Environmental Engineering/Waste & Water Technology
- Wind Technology
- Heating, Ventilation, Air Conditioning and Refrigeration Technology (HVAC/R)
- Nuclear Technology
- BioMedical Electronics Technology
