

## *KEY NOTE SPEAKER*

### **John F. Kaczmarek, P.E.**

Capital Construction Project Manager  
Facilities & Services  
University of Illinois at Urbana-Champaign

Mr. Kaczmarek has over 25 years experience in the public and private sectors. He began his career in the U.S. Navy as a mechanical operator and maintenance technician at nuclear power plants. Following military service, he earned his BSME from the University of Illinois and worked as a mechanical design engineer and licensing engineer for a commercial nuclear power station and as a gas pipeline design engineer for a utility company. For the past 10 years, Mr. Kaczmarek has been working as a project manager and owner's representative for utility and building projects at the University of Illinois at Urbana-Champaign. His project experience includes management of architects, engineers, and contractors working on new construction and facility renovation projects. Mr. Kaczmarek is a Registered Professional Engineer in Illinois.
