

ASCE LANSING-JACKSON BRANCH YOUNGER MEMBER COMMITTEE

Group Meetings:

Our meetings involve discussing activities that the group would like to perform, how to get more people involved, and getting acquainted with each other. Attendance at the meetings varies from 2 to 8 people. This year we have held 3 meetings so far. We typically meet on the second Tuesday of every month at 6:30 pm at Trippers in Frandor.

Past Group Activities:

In 2004, the group participated in the following activities:

- Adopt a River: September 11, 2004. Group members helped the Conservation District pick up trash and debris along the banks of the Grand River.
- Michigan State Student Chapter Resume Workshop.
- Food Drive for the Greater Lansing Area Food Bank - generated approximately 15 boxes of food.

Future Group Activities:

- In April of 2005 we will be participating in a Habitat for Humanity project with the Michigan State Student Chapter.
- In 2005 we plan to attend at least one middle school class to speak with the kids about engineering and perform hands on activities.
- We intend to participate in many of the same events in 2005 that we did in 2004. Our involvement will be determined at future meetings. Please feel free to join us at Trippers to help plan future events.
- Meeting notices are sent via email by the Chair of the younger member committee, Heather McCarthy. If you would like to be included on the next meeting notice distribution list, please contact Heather at hmccarthy@nthconsultants.com
