

Backed with a successful launch, and developed relationships, we are in search of a Site Development Group Leader passionate about delivering an outstanding client experience, building lasting relationships and winning work! Support will be provided by a talented local team, as well as the Corporate leadership team, and marketing.

The Kleingers Group, is an established, vibrant consulting firm that infuses our core values of honoring our commitments, both to each other and our clients, and Doing The Right Thing every day. We provide full-service consulting services to both private and public clients in the areas of civil, transportation, and municipal engineering, land surveying, 3D laser scanning, athletic field design, planning, and landscape architecture.

If you are a success-driven entrepreneurial spirit with the following, we are looking for you:

- Desire and career drive to be an integral part of building the business
- Desire and enjoyment to network and build relationships in the market
- Desire and competitive spirit to bring in that 'next new client'
- Desire to mentor a team of creative engineers to provide solutions and value for clients

Qualifications:

- Kentucky Licensed Professional Engineer (PE) or Landscape Architect (LA)
- Minimum of 5 years of managerial experience, or small firm owner
- Knowledge of project scope and fee development and management
- Ability and willingness to network and build new relationships

Please send your resume to sam.platt@kleingers.com.
