

## SENIOR STAFF/PROJECT ENGINEER

---

SME is seeking a Senior Staff/Project Engineer for a regular, full-time position with our Geotechnical Services group in our New Albany, Indiana office.

Responsibilities for this position include:

- Conducting and/or directing geotechnical evaluations including associated field work;
- Routine lab work;
- Report preparation;
- Field inspection of foundations; and
- Assisting with other special projects.

Requirements for this position includes:

- A MS in Civil Engineering or Geotechnical Engineering;
- Proven track record of building a practice and knowledge of local market and existing relationships with local clients a plus;
- Field experience related to foundation (deep and shallow) inspections a plus;
- Pavement design experience a plus;
- Ability to read plans and specifications;
- Excellent communication, report writing and customer relations skills;
- The ability to work independently or as part of a team;
- Demonstrated ability to adapt to new challenges and learn new concepts;
- A willingness to work hard in an efficient and organized manner; and
- A clean driving record;

SME offers excellent opportunities for professional development and growth in a flexible, fast-paced working environment. Our robust benefits package for regular, full-time team members includes: Medical/Prescription coverage with no premiums required; dental/optical, life, disability and long-term care insurance coverage; matching 401(k); Profit Sharing; tuition reimbursement (up to \$5000 per calendar year); and generous bonus and paid time off programs. SME is an equal opportunity/affirmative action employer. Qualified applicants will receive consideration for employment without regard to protected veteran/military status, disability, race, color, religion, sex, sexual orientation, gender identity or national origin. SME is a VEVRAA Federal Contractor.
