

# JANUARY MEETING ANNOUNCEMENT

This month we will be talking with:

**Steve Rowland, PE, Recon, LLC**

Title:

***EarthScope Seismic Network Deployment***

The EarthsScope Transportable Array is a dense network of state-of-the-art seismic stations that have been moved to Alaska and Western Canada to continue the efforts of recording high-quality data needed to map the structure of the earth beneath North America. Steve will be sharing the details of site selection and deployment logistics.
