

# DECEMBER 2023 MEETING ANNOUNCEMENT

This month we will be hearing from:

***David Gamez, P.E., PTOE***

***Tor Anderzen, P.E.***

Title:

***Alaska Infrastructure Report Card***

David Gamez, P.E., PTOE, is a Project Manager with Lounsbury & Associates. He currently chairs the 2025 Report Card for Alaska's Infrastructure committee and serves as President of the Alaska Professional Design Council.

Tor Anderzen, P.E., is a Community Planner for the Air Force at Joint Base Elmendorf Richardson in Anchorage Alaska. He chaired the 2017 and 2021 Alaska Section Report Cards and also serves on several ASCE committees.

The 2021 Report Card for Alaska's Infrastructure was released in February 2022. Over 40 volunteers from the ASCE Alaska Section studied 12 categories to include in the Report Card. These comprehensive assessments highlight some of the major issues, recommendations, and improvements since release of the 2017 Report Card. The core mission of the Infrastructure Report Card is to provide the public, legislators, and decision makers with a comprehensive and concise summary to implement key solutions that will help raise the grades for our infrastructure. As Alaska receives the historic investment from the \$1.2 Trillion Infrastructure Investment and Jobs Act (IIJA) the Key Solutions identified in the Report Card will play a critical role in making this a valuable and lasting investment in infrastructure for all Alaskans.
