North Jersey Branch  
OCTOBER 2005 JOINT ASCE/ACEC DINNER SEMINAR:

---

---

**NEW JERSEY TURNPIKE AUTHORITY  
WHAT'S NEW IN ENGINEERING**

This month the North Jersey Branch and the American Council of Engineering Companies of New Jersey will host the New Jersey Turnpike Authority's Engineering Department who will present the latest developments in leadership, the current organizational structure and the capital improvements program.

**SPEAKERS:** **Richard Raczynski, P.E.**, Chief Engineer of the New Jersey Turnpike Authority, oversees engineering planning, design and construction for the Authority.

**J. Lawrence Williams, P.E.**, Assistant Chief Engineer, Construction, is responsible for the capital improvement construction contracts being performed on both the Turnpike and Parkway roadways. This includes over 75 construction contracts currently valued at approximately \$735 Million.

**Robert Grimm, P.E.**, Assistant Chief Engineer, Administration and Planning, is responsible for the planning for both the Turnpike and Parkway roadways and the administrative staff. He has been with the Authority for over 24 years.
