

Location: Fort Lauderdale, FL

Company: Baxter & Woodman, Inc.

POSITION: Civil Transportation Project Engineer

Baxter & Woodman has a rewarding opportunity for a highly motivated Transportation/General Civil Engineer looking for career advancement, in our West Palm Beach or Fort Lauderdale, Florida office. This position will primarily consist of design leadership and development of a variety of roadway, drainage, and utility projects for State, County, and Local Agencies. Experience in leading pursuits and management of transportation design projects is required. This team orientated position will include working with Baxter & Woodman's diverse disciplines and offices.

POSITION DUTIES:

- Prepare engineering plans and specifications production using, State, City, and County standards.
- Design a variety of projects and study types including roadway, underground utility, drainage, traffic, and infrastructure improvements.
- Complete general civil engineering services related projects for Municipal, County and State clients.
- Design civil plans for multi-acre retail, commercial, and/or residential development projects including due diligence studies, permitting and bid document preparation.
- Analyze survey reports, maps, plan drawings, aerial photography, and other topographical or geologic data to plan, research, understand and apply City, State, and Federal codes.
- Assist with business development opportunities including the development of scope and fee proposals for transportation and infrastructure projects in the South Florida.

REQUIREMENTS:

- B.S. degree in Civil Engineering.
- 5+ years of experience in roadway and infrastructure design.
- Licensed Professional Engineer in Florida. Alternatively, the candidate can be a licensed Professional Engineer in another State with the ability to obtain licensure in Florida within one year of employment
- General understanding of AutoCAD Civil 3D and MicroStation.
- Familiar with design software for Hydrologic/Hydraulic systems design.
- Ability to independently handle a variety of simultaneous tasks and responsibilities.
- Ability to manage projects to completion to ensure on time and on budget performance.
- Strong written, verbal, computer and organizational skills.
- Work within a team-first culture that encourages individual development and accomplishment of goals.

B&W is an equal opportunity - affirmative action – M/F/Vet/Disability employer
