

## **POSITION: STRUCTURAL DESIGN ENGINEER**

MKM & Associates is a structural engineering firm located in central Sonoma County. Established over 35 years ago, MKM's work encompasses civic, commercial, educational, healthcare, historic restoration, hospitality, residential, and winery/brewery markets. We offer full-service structural design and drafting to ensure that our clients receive the highest level of service.

We have an immediate staff opening for a full-time structural design engineer. Our office is a fast-paced, energetic, friendly company that encourages professional development and promotes a positive and educational atmosphere. Preferred qualifications include:

- B.S. Degree in Civil or Structural Engineering
- California EIT
- Experience with engineering programs such as ETABS & ADAPT as well as AutoCAD strongly preferred
- Structural design of residential and commercial low-rise buildings
- Design using timber, concrete, steel, and masonry construction materials
- Conduct site investigations to document existing conditions
- Written and verbal communication with architects and general contractors
- Construction administration including RFI responses and local site visits
- Excellent verbal, written communication, and computer skills
- Valid driver's license

We offer a competitive hourly wage compensation with an excellent benefits package that includes medical insurance, pre-tax healthcare plans, paid time off (PTO), 401(k) employee savings plan, and paid holidays.

Applicants are encouraged to send a cover letter, resume with work examples/portfolio in PDF or DWG format to [info@mkmassociates.com](mailto:info@mkmassociates.com). Please include salary history/expectations. Indicate "Structural Design Engineer" in email subject line. No office drop-ins. [www.mkmassociates.com](http://www.mkmassociates.com)
