Newsletter - December 2018

Holiday Season is upon us!

As we look back upon the past year, we would like to acknowledge those who have helped us shape our organization. Thanks for a great year, we wish you all the best as you embark on 2019!

We're honored to have you as a member and we look forward to serving you better in the future.

Happy Holidays! :)

December Events:

Brewery Takeover with Dr. Brad Wham

Please join us for an evening of Drinks, Dynamics, and Geotechnical Centrifuges with Dr. Brad Wham from CU Boulder's Center for Infrastructure, Energy, and Space Testing Lab! We'll be celebrating the holiday season with a brewery take-over at Novel Strand Brewing and we want you there! Registration includes 3 drinks from Novel Strand's craft selection and an on-site food truck will keep you warm for our Keynote Speaker. This event is 21 and up and Lyft credits will be available to help get you home safe!

This Program includes an overview of a few recent/ongoing projects will highlight collaborations with various industry, agency, and academic partners. The discussion will include full-scale component testing of an innovative structural steel building system, destructive testing of next-generation hazard-resilient water pipelines, and centrifuge modeling of seismic mitigation techniques for buildings and geo-structures.

Hope to see you there!

When:

Thursday, December 13th, 2018 from 5:30 pm - 8 pm

Where:

Novel Strand Brewing Co, LLC.
305 West 1st Avenue, Denver, CO, 80223

Last Months' Events:

ASCE Denver Branch Dinner Presentation:

We were honored to have Jane Aschermann, PE LEED AP from respected Martin/Martin, Inc., share some insights with us on Denver Water's New Campus and Changes to the Water Law.

We had a great turnout for the meeting. Many thanks to Mrs. Aschermann for her impressive presentation!

Ronald McDonald House:

We had the pleasure of serving the Denver Ronald McDonald House on Saturday the 17th! Our group created various Thanksgiving and Christmas crafts to encourage the kids and their families as well as performed various maintenance tasks around the house.

Announcements:

ASCE Polo-Shirts for Sale

We have official Denver Branch polos for sale! They are made with great breathable materials, have a nice comfortable texture, and have great appearance for any occasions! Wherever you show up with your bonafide ASCE Denver Branch Polo, you'll be the talk of town! Look how happy Alex is with the shirt on, that could be you! Each shirt is \$25, if you are interested, please contact any officers listed below.

Photos wanted

Do you love taking pictures and catching that perfect moment? And do you love posting those gems to social media? If you answered yes to both, then we'd love to see your photos! Please share any photos taken at ASCE events with our official [YMG Facebook Page](#) and make sure to tag it with #ASCEMileHi and #ASCE5280

Also, if you have an establishment you would like us to attend for future events, please contact [Andi Barendt](#), the YMG President.

What are they and why should I go?

Have you been getting the monthly networking event invitations and aren't sure what they are?

Well, this month is a perfect time for you to come check one out! ASCE YMG sponsors these events to give young engineers throughout Denver a low-pressure opportunity to begin building professional networks. Our events usually last a couple of hours and are a great way to learn what other civil engineers do, find out about local projects and efforts, other specialties, and ask 'light' technical questions. After all, you never know when you will need to rely on connections in your career. The events are FREE, though you have to pay for your own drinks, and ASCE YMG provides appetizers. For most events, we do not require registration, however, some of our larger, sponsored events do. Be sure to check the newsletter for specific details on each event.

Where are they held?

The monthly networking events rotate throughout different bar & grill locations in the Denver Metro area. We try to provide equal opportunity to all locations, although the downtown events typically have better turnout. Do you work in the outlying suburbs? If you are interested in us hosting an event near your office so you can bring colleagues, please let us know and we will try to schedule one. Also, if you know of a great place to host a networking event, please contact us (asce.ymg.colorado@gmail.com). We are always interested in trying new places!

Who can attend?

These events are sponsored by ASCE. Therefore, we encourage all civil engineers in the area to attend: civil engineering students from the local colleges, new professionals, university professors/advisers, and experienced civil engineers. Come attend our events and help grow your network. The more the merrier! Hope to see you at one, or all, of these.

Membership

JOIN ASCE

BUILD YOUR CAREER. ADVANCE YOUR PROFESSION. ENRICH YOUR LIFE.

When you join ASCE, you become part of the largest professional civil engineering network in the world. As a part of our community, you have access to our industry's most comprehensive communication, networking, and learning resources.

As an ASCE member, you have access to a wealth of benefits that serve you throughout your career.

Are you a member of ASCE? If not go to <http://www.asce.org/join/>.

Some benefits include 5 free PDHs per year, technical resources, career development, networking opportunities, and discounts!. If you are already a member, don't forget to renew your membership!
