April Newsletter

April Presentation:

Most Frequently Cited OSHA Standards in Construction

**Presented By: Lauri A. Bitz, BA, MA
Alaska Occupational Safety and Health**

Date: April 13th

Time: 12:00 PM

**Location: Webex
(See email for meeting link)**

Speaker Bio: Lauri is a Safety Consultant with Alaska Occupational Safety and Health. She has held this position for 3.5 years. As a Safety Consultant she conducts on-site safety inspections for General Industry, Construction and some Marine terminals. She is an Outreach Trainer certified through Pacific Northwest OSHA Education Center and holds a professional certification in General Industry. Prior to working as a Safety Consultant Lauri was employed by Southern California Gas Company where she spent 16 years working as a Field Technician, Training Instructor, Quality Assurance Specialist, Supervisor and finally as a Project Manager. Lauri will be covering the 10 most frequently cited standards in construction and will discuss hazards associated with those standards, and ways to avoid them. She will also have a section on hazards that she has personally found on construction sites to bring the message closer to home. Open Q and A will be encouraged.

Announcements and More!

Scholarship Fundraising

Last year, through our members' continued support, we were able to award four \$500 scholarships to local high school seniors and a college student pursuing engineering. If you would like to contribute to this year's scholarship fund, please reach out to events@alaskacapitalengineers.org for more information.

Scholarship Applications

This year's scholarship application is open to high school seniors and college students pursuing engineering. If you know someone that may be interested in applying, the application can be found on our website. The application deadline is April 30, 2022.
