

MAY 2024 MEETING ANNOUNCEMENT

This month we will be hearing from:

Robert Walden, P.E.

Title:

***City of Wasilla Water and Wastewater Infrastructure Today
and What's Next***

Robert Walden is the City of Wasilla Public Works Deputy Director. He is a Chugiak High School Alumni and now lives in the Mat-Su Borough with his family. After earning his Civil Engineering degree from the University of Idaho he worked for 13 years at Wilder Construction, 10 years at the Mat-Su Borough, and 4 years at the City of Wasilla. Robert also owns a small consulting business that provides septic system design and subdivision development services to local contractors and developers.

The fastest growing city in the State of Alaska is facing challenges in keeping up with its water and wastewater infrastructure needs. This presentation will provide an overview of how the City of Wasilla is transitioning away from antiquated 80's technologies and adopting modern cloud based SCADA systems for records, maintenance, and system wide tracking.
