Member Advantages

The 2024 Fall was a fun time with our Branch events. See below for a few of the member events we held:

Gordie Howe Bridge Tour

Last September, on a beautiful Friday, ASCE SE MI members had the opportunity to tour the Gordie Howe International Bridge, courtesy of the Windsor-Detroit Bridge Authority. Attendees were treated to an informative presentation on the bridge's design process, followed by a delicious BBQ lunch from Slows BBQ. Afterward, ASCE members enjoyed a guided bus tour of the construction site, where they were able to engage with one of the lead bridge designers and ask questions. It was an excellent event that combined learning, networking, and great food.

3rd Annual ASCE SE Michigan Branch Sporting Clay Event

The 3rd Annual Sporting Clay Event was held on October 3, 2024 at the Detroit Gun Club. The event hosted 9 teams and 45 members to a sporting clay tournament, networking, and an awards ceremony with a steak dinner. Mark your calendars for our 4th Annual Sporting Clay Event in the fall of 2025!

Seeking Members for Open Technical Chair Positions

We are currently looking for local professionals to fill chair seats for our Technical Activities Committee for next year (Fall 2025 to Spring 2026). We are aiming to get the year moving with technical presentations and/or job site tours, and we could use YOUR help!!! Typically, the volunteer committee chair coordinates and plans the details of a presentation/tour/event and I, as the Director, will work with

our secretary to disseminate the event information to local ASCE and engineering community.

We ask our committee chair to plan 1 to 2 presentation/tour/events across the year. We have the following chair seats open currently: Structural Chair, Environmental Chair, Transportation Chair and Construction Chair.
