Speaker Bio

Andrew Talley, UofSC Engineering Student

Andrew (Drew) Talley is currently a student in the Civil and Environmental Engineering Department at the University of South Carolina. He is a senior and will be graduating in May. Drew is the current ASCE Student Chapter President after taking over in 2020. He was also part of the Student Chapter Planning Committee from 2019-2020. Abstract

The South Carolina Student Chapter of ASCE will provide an update on this past year's activities. In particular, the Student Chapter was tasked with hosting this year's Carolinas Conference back in March. This event was originally scheduled for last year but was postponed due to the pandemic. Attendees will learn about what went in to the planning process for this event and the difficulties associated with transitioning this typical in person event to a virtual one. In addition, the Student Chapter will share the results of the various competitions from the conference.
