**Dominion Energy's
Electric Transmission System**

Speaker Bio

Matt Talley, Manager of Electronic Transmission Engineering, Dominion Energy

Matt Talley is the Manager of Electric Transmission Engineering at Dominion Energy South Carolina.

Talley joined SCANA in 2013 and has worked in the electric transmission area over the course of his career. His recent positions include working as a design engineer, completing design work on transmission lines, and working as a field engineer and inspector on large, high profile transmission line projects.

He also is an active member of the transmission section of the Southeastern Electric Exchange and is currently serving as the chairman of the transmission section.

Talley earned a bachelor's degree in Civil and Environmental Engineering from The Citadel, The Military College of South Carolina in 2013. He is a registered professional engineer in South Carolina.

Abstract

This presentation will provide an overview of Dominion's Electric Transmission System including some of the unique challenges associated with transmission line design and construction in the diverse terrain and atmospheric and geotechnical conditions within South Carolina and the Dominion Energy South Carolina service territory.

Dominion Energy South Carolina's Electric Transmission Engineering department is responsible for the design and project management of all transmission line projects in the Dominion Energy South Carolina service territory. Additionally, Talley is responsible for right-of-way acquisition such as testifying as the expert witness in condemnation hearings and serving as the company's representative in 30(b)(6) depositions.

Hi there Midlands Branch! I hope everyone is having a wonderful May! For all you sports fans out there, Go Jags (Tigers 😊)!

Moving forward, we will still be hosting virtual meetings until further notice in place of our regularly scheduled lunch and learns. Please join us on the 19th for an awesome presentation from Matt Talley with Dominion Energy on Dominion Energy: Transmission and Generation. Keep checking the website here ([ASCE Midlands Branch Website](#)) moving forward to stay up to date on all things ASCE Midlands Branch and to check any upcoming events we have some exciting ideas coming that we hope you will enjoy, so be on the lookout! If you haven't already, please consider becoming a member and opening the door to the many benefits that an ASCE membership has to offer. Bonus: your membership directly supports the Midlands Branch as well! 😊 You can become a member here: [Join ASCE](#).

I hope you all can join us on May 19th! We look forward to "seeing" you there!

A handwritten signature in blue ink that reads "Lauren".

ASCE Midlands Branch Board Ballot for 2021-2022
