Student Chapter Updates

April 2024 *LEVEL LINE*

ASCE's TSU- Initiative Meets Progress!!

April was a dynamic month for the ASCE TSU Student Chapter! We kicked off with an impressive win in the men's and women's slalom races in the concrete canoe competition, securing 2nd and 3rd place, respectively. Mid-month, our general body meeting provided invaluable research opportunities for first-year students and juniors, thanks to our dedicated professors. We also hosted a professional development workshop that helped students polish their resumes and LinkedIn profiles. A highlight in April, our Student Chapter President received a scholarship at the Nashville Branch Awards Ceremony!!! Also, Turner Construction hosted TSU for a 'Day in the Life' series, where we explored their preconstruction and VDC processes, along with a superintendent tour. As we wrap up the semester, a highlight of the month, May, we take this opportunity to celebrate our graduating students and wish them success in their journey ahead, confident they will make a positive impact as civil engineers.

We need help with meeting registration, sustaining membership, educational outreach, budget, younger members group, and more. Please speak with the current Committee Chair or a Board member for more information.
