Where: Cal Poly, San Luis Obispo
What: Cal Poly SLO SCE is pleased to announce the 37th Biannual Civil & Environmental Engineering Career Fairs, which will be held on Friday, November 13, 2026*, and Friday, January 29, 2027. Networking sessions will take place the evening before each career fair on November 12, 2026*, and January 28, 2027.

To attend either the networking sessions or the career fairs, organizations must register using the link below. Please note that registration is available on a first-come, first-served basis and has historically filled quickly, so early registration is strongly encouraged.

**Registration for the November Career Fair is now full.*

Registration: Online - **Register Here**
Registration Packet: **See more details here**

Upcoming ASCE SLO Branch Lunch Meetings

- 1/21/2027 - Justin Vineyards and Winery Wine Cave Project
- 2/18/2027 - Open the Portal: The Simple Science of Impactful Storytelling

Cal Poly SLO ASCE Student Chapter - Officer Spotlight

Jaden Chu
Conference Coordinator

Year in School: Sophomore

Jaden is a sophomore at Cal Poly and stepped into the Conference Coordinator role within SCE this year. During the 2025-2026 school year,

Jack Terry
Treasurer

Year in School: Senior (Fourth Year)
Concentration: Transportation Engineering

Jack is a senior at Cal Poly, concentrating in transportation engineering. Jack continues to be

Jaden was involved in SCE's Sustainable Solutions team, where aspects of sustainability were incorporated into site design for a data center. Jaden's experience was particularly memorable because of the opportunity to present at the regional level and at ASCE championships, providing valuable public speaking opportunities to expand Jaden's comfort zone. The team comradery is also something Jaden will cherish.

Jaden is currently looking for an internship to jump into the civil engineering industry. Jaden's hobbies include photography and staying active by playing volleyball and being outdoors.

involved in SCE and is filling the role of this year's Treasurer. Over the summer, Jack had the opportunity to work on a railway Wye in San Diego. Jack noted that it was a memorable experience to be able to see design decisions and learn about the intricate details of infrastructure projects.

Jack is currently seeking a full time transportation job where Jack can help design safe, reliable, and resilient infrastructure that improves mobility and strengthens local communities. Jack's hobbies include hiking, running, and building anything!
