

Your monthly news & updates

Happy October ASCE SLO!

Here is a look at this month's announcements and upcoming events. Visit the [Event Calendar](#) on the [ASCE SLO Branch Website](#) to stay up to date throughout the month.

Announcements

Eileen Shields named 2026 Outstanding Branch Officer by the ASCE Los Angeles Section

Congratulations are in order! Eileen Shields, ASCE SLO Branch Treasurer and Project Director at Ardurra, has been named the 2026 Outstanding Branch Officer by the ASCE LA Section.

Eileen is a dedicated member of the ASCE SLO Branch and routinely volunteers to fill in where needed to support the Branch, in addition to fulfilling her treasurer duties. Eileen exemplifies the ASCE LA Section's [vision](#) to promote and facilitate collaboration between practicing civil engineering leaders and civil society to enhance the quality of life for all citizens. Way to go Eileen!

Resume Reviews - Professionals Needed

One of the biggest concerns for students is in knowing what should (or maybe shouldn't) be on a resume when applying to engineering internships or full-time jobs. Can you help?

Each year, Cal Poly SCE students benefit from resume reviews provided by engineering professionals from across the industry. Volunteers have the opportunity to share valuable feedback and assist those looking to make the transition from student to working engineer. With two CE/ENVE career fairs this year, there are twice as many opportunities to lend a hand!

Volunteers can anticipate spending no more than one hour total reviewing and marking up approximately five (5) student resumes. Resumes will be distributed on October 22-23 and feedback/markups are due back to SCE on Wednesday, November 4.

Please fill out the volunteer interest form [here](#)!

[Upcoming Events](#)

[ASCE SLO YMF - Cal Poly WRF Site Tour](#)

When: Friday, October 16, 2026, 3:00 PM

Where: Cal Poly Water Reclamation Facility - Meet location to be shared with those who register.

What: Join the ASCE SLO Young Members Forum for a site tour of Cal Poly's Water Reclamation Facility followed by ice cream at the Cal Poly Dairy! Please bring your own PPE.

Addison High
Executive Vice President

Year in School: Third Year

Concentration: Geotechnical Engineering

Addison is a third year at Cal Poly, concentrating in geotechnical engineering. As this year's Executive Vice President for Cal Poly SCE, Addison is responsible for coordinating and planning SCE's first ever biannual CE/ENVE Career Fairs. Through this experience, Addison has learned about time management, corporate communication, and organization. Addison and the SCE career fair committee have been working diligently to put these events together. Addison's leadership, dedication, and initiative have been evident through this process.

Addison is currently looking for part-time work and/or a summer internship in San Luis Obispo for 2027. Outside of school and SCE, Addison enjoys painting, embroidery, crafting, swimming, and volleyball.

Lily Doll
Membership Director

Year in School: Third Year

Concentration: Structural Engineering,
Emphasis in Heavy Civil

Lily is a third year at Cal Poly, concentrating in structural engineering with an emphasis in heavy civil. This past summer, Lily interned with Skanska and worked on the SR 520 Portage Bay Bridge project in Seattle, Washington. This firsthand experience on a large-scale heavy civil project provided Lily with a strong foundation for this school year and a better understanding of how engineering design and construction come together.

Lily aspires to pursue a career in structural or heavy civil engineering and earn a master's degree to further develop technical skills. Lily enjoys spending time outdoors through hiking, backpacking, surfing, and snowboarding. Lily also enjoys playing basketball and softball.
