

The American Society of Civil Engineers
Western Michigan Branch

Engineering Scholarships
For Civil Engineering Students

Scholarship Information & Application

Scholarship Information

The Western Michigan Branch of ASCE encourages the advancement of the Civil Engineering profession by qualified and interested students. To that end, the ASCE Western Michigan Branch offers financial support through a scholarship. The scholarship has been made possible through support from local Civil Engineering and related companies sponsoring our monthly meetings.

Western Michigan Engineering Scholarship

The ASCE Western Michigan Engineering Scholarship award is presented annually to a student member of ASCE who has made a contribution to the advancement of student engineering activities and is a premier Civil Engineering student attending a college/university in West Michigan. This award will consist of a one-time grant of \$1,000 to a student entering his or her senior year in an ABET-accredited Civil Engineering program. The award considers merit, personal initiative, and financial need and encourages both participation in a student chapter of ASCE and contributions to the advancement of civil engineering at the collegiate level.

Eligibility and Requirements

All applicants must:

- Be enrolled as a full time student in good standing in an ABET-accredited Civil program in a West Michigan college or university.
- Have a cumulative grade-point average of 2.5 (out of 4.0) at the time of application.
- During junior and senior year, participate in ASCE West Michigan Branch activities which normally include attendance at a minimum of four (4) monthly meetings per year.

How to Apply

To apply, submit the ASCE Scholarship Application, an *official* college transcript, and one (1) letter of recommendation to the ASCE Student Advisor:

Initial judging will be made on the basis of (in no particular order): each candidate's academic record, attendance at local branch meetings, participation in extra-curricular activities, evidence of leadership, character, and self-reliance, comments from employers and university officials and financial need. The award winner will be announced in July. The scholarship committee reserves the right to use discretion in the award of the scholarship, and all decisions of the scholarship committee are final.

Deadline

All applications must be submitted by May 31st.
